457,000 EUR

DESCRIPTION

The villas are located in a distinguished area, surrounded by pine trees and guarded by the Monte Penoig. This area offers you the perfect combination of security, wellbeing and nature. These individual villas with a clean and modern design within a gated community are protected by surveillance cameras. Its services include a social centre for community use, a large swimming pool, children's playground, space for electric bicycles with recharging system, photovoltaic energy and much more. The properties come in different layout with either 2 or 3 bedroom properties. There is a communal swimming pool. Nevertheless depending on the villa, one has the choice to construct a private pool aswell.
