DESCRIPTION

High quality energy efficient homes in Alcalali with beautiful valley views, Discover a unique living opportunity in the heart of the Jalon Valley: Residencial VALL DE POP, an exclusive project consisting of 35 plots of modern, detached single-family homes. Located in an elevated position in Alcalali, these villas offer breathtaking panoramic views over the valley. These villas stand out for their unique construction method with an advanced 3D micro-concrete panel system, which achieves an exceptionally high level of thermal insulation, airtightness and structural strength all within the usual price range. Thanks to multiple insulation boards without thermal bridges, airtight connections and renewable energy generation via aerothermy, these homes are designed to meet the stringent requirements of a Passivhaus certification. Although ... (enquire for further details)
